13" BENCHTOP PLANER!

10045

NEW!

- Two Speed Gear Box for Different Feed Rates
- Authentic Oliver HCX Helical Shearing Cutterhead
- 13" Cutting Capacity
- Steel Top and Carry Handles
- Heavy-Duty Power Switch with lock-out
- Adjustable Infeed/Outfeed Tables
- Powerful 2HP 1Ph 15Amp 115V motor
- 4-post design ensures cutter head alignment to table
- Built-in carriage lock for stability during operation
- Wixey Digital Read Out (DRO)
- Elevation crank includes an easy-to-read scale
- On-board adjustment wrench storage
- Fold-up extension wings for easy storage
- Blower assists in chip ejection during operation
- Dust port allows 2-1/2" or 4" hose hook up
- CSA listed

Authentic Oliver HCX Helical shearing cutterhead with 15mm 4-sided inserts. Not segmented or spiral.

NEW two-speed gear box to maximize cut quality and provides different feed rates.

Updated heavy-duty safety switch with built-in safety lock-out.

NEW steel top and heavy-duty handles for easier carrying.

4275C

REVISED!

- Updated fence featuring a rack and pinion design for better support
- New infeed table lock
- Wixey DRO shows infeed table movement for precision cuts
- Long European style cast-iron fence features positive stops at 45° and 90°

See Page 4 for Details

Yes, we really can make the industry's best benchtop planer even better.

Our 10044 Benchtop Planer is a tough act to follow. However, we have acted on customer feedback to improve existing and add new features.

These improvements in addition to using Oliver's HCX helical cutterheads will keep our **NEW 10045** benchtop planer at the top of the category.

OLIVER PLANERS

15" PLANER 10014.201

- Oliver HCX Helical cutterhead with premium 4-sided, indexed carbide inserts
- Auto-depth lock features twin nitrogen cylinders virtually eliminates sniping
- 3HP 1Ph 220V Only
- Wixey DRO included
- Built-in casters

Wixey
